

School Accountability Report Card

Issued Spring 2012 for Academic Year 2010–11

What Is a School Accountability Report Card?

Since November 1988, state law has required all public schools to prepare and distribute annually a School Accountability Report Card (SARC).

The purpose of the report card is to provide parents and the community with important information about the performance and condition of each California public school. The SARC can also be an effective way for a school to report the progress it has made toward achieving its goals. In addition, the public may use the SARC to evaluate and compare schools throughout the state on a variety of indicators.

More information about the requirements for the SARC is available on the state's SARC website:

www.cde.ca.gov/ta/ac/sa/

Additional copies of this SARC may be obtained from the school office or from the district's SARC website:

www.sandi.net/page/1598

Marshall Elementary School

3550 Altadena Ave, San Diego, CA 92105-3613

Staci Monreal, Principal

School Description and Mission Statement

John Marshall Elementary School is located in City Heights. Our enrollment is holding steady at about 500 students, although the neighborhood does have a steady turnover rate of about 15 students moving in and out of the school monthly. All of our children live in the residential area, with the exception of some enrolled in our special education program in grades K–5. All of our students qualify for free breakfast and lunch.

Our school community has a multicultural, multiracial, and multi-ethnic composition. Approximately 91 percent of the students speak a language other than English—predominantly Spanish, Somali, Karen, Cambodian, Vietnamese, Lao, and Hmong.

The mission of John Marshall Elementary is to ensure that all students are proficient in language arts, mathematics, and science; use technology and twenty-first century skills to advance and communicate their ideas and thinking; and develop as responsible and thoughtful leaders.

Opportunities for Parent Involvement

We are committed to communicating with and engaging parents as partners in their children's education. The district's Parent Outreach and Engagement Department serves as a national model in providing opportunities and effective methods for parents, guardians, and family members to participate in the educational process. We are also committed to obtaining community resources for our school and invite all members of our community to assist us in the education of our students. Parents have many opportunities to be involved at their children's school site (for example, governance committees, special events, fundraising events, parent organizations, and in classrooms) and at the district level (for example, district councils/committees, Parent University, and special events). We encourage parents to support their children at home by making their expectations about school clear and creating a positive homework and learning environment.

We believe our students benefit from the involvement of all community partners. Therefore we encourage parents and partners to work with us to support the academic development of every child. Our parents assist by providing supervision, classroom support, and other school event organizing. Our parents belong to groups such as School Site Council, English Learner Advisory Committee, and the School Volunteer Program.

If you want to get involved, please contact Lydia Gonzalez at (619) 283-5924.

Data and Access

Most of the data in this SARC are from the 2010–11 school year or the two preceding years (2008–09 and 2009–10). Graduation, dropout, and fiscal data are from 2009–10. When no year is specified, data are from the most recent year available.

Data included in this SARC are consistent with State Board of Education guidelines, available at the California Department of Education website: www.cde.ca.gov/ta/ac/sa/sarc1011.asp.

DataQuest

DataQuest is an on-line data tool (dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district, the county, and the state. *DataQuest* is a dynamic system that provides reports for accountability, test results, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About This School

Student Enrollment by Grade Level

Grade Level	Enrollment on October 6, 2010
Kindergarten	89
1	76
2	90
3	98
4	96
5	77
TOTAL	526

Student Enrollment by Group (2010–11)

Student Group	Number of Students	Percentage of Enrollment
African American	114	21.7
Asian	49	9.3
Filipino	1	0.2
Hispanic	277	52.7
Indochinese	67	12.7
Native American	0	0.0
Pacific Islander	0	0.0

School Climate

School Safety Plan (2010–11)

Last Review/Update: November 2011

Last Discussed with Staff: 2011

Each school has a Crisis Response Box that includes its state-mandated comprehensive school safety plan. This plan meets the state requirements described in California Education Code Sections 35294–35297. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures, school dress codes, and school discipline policies.

Adult supervision is provided in the classrooms and outside areas before and after school, during recess and lunch, and during passing time between classes. Under the direction of the principal or site administrator, school staff members implement specific school-building security procedures. In addition, district offices support schools by reviewing and disseminating safety requirements and information, coordinating safety-related services, and providing safety training and assistance.

The Marshall community takes the safety and security of our students, staff, family, and volunteers very seriously. We have a full-time community service officer who continuously monitors the comings and goings of students and visitors. She also oversees our student safety patrol, whose direction of pedestrian and vehicle traffic before and after school is extremely valuable. Adult supervision is provided in classrooms and outside areas before and after school and during recess and lunch. The principal continuously monitors and supervises school grounds and regularly considers ways to strengthen the safety and security of the Marshall community.

Suspensions and Expulsions

The following table shows the numbers and rates of suspensions and expulsions. Rates per 100 students are the total number of incidents divided by the school's enrollment for the given year, multiplied by 100. The district comparison rates are the expected rates for the school's enrollment and grade-level composition, based on actual districtwide rates. Because suspension and expulsion rates vary greatly by grade level, and since any given two schools are not likely to have identical enrollment numbers per grade, schools will have different district comparison rates.

Type of Action		2008–09		2009–10		2010–11	
		School	District	School	District	School	District
Suspensions	Number	18	12,832	31	13,199	30	12,693
	Rate per 100 students	3.25	3.10	5.78	3.52	5.70	3.18
Expulsions	Number	1	278	0	260	0	210
	Rate per 100 students	0.18	<0.05	0.00	<0.05	0.00	<0.05

School Facilities

School Facility Conditions and Improvements (2011–12)

Marshall's permanent facility is over 50 years old. It was built to accommodate a small population of about 250, but now has an enrollment of approximately 500. The campus has 14 single-story classrooms and 26 portable classrooms. The portable bungalows are predominately located at the lower campus.

Major facility improvements have been conducted over the past few years, and such minor enhancements as landscaping are continuing. Marshall is included in a Safe Routes to School grant currently being sought through the City of San Diego Transportation Planning Department, which will bring improvements to the sidewalks and other infrastructure around the school. This grant will provide a much safer route to and from school for our community.

Over the past few years improvements have included improved access for the physically disabled and repair and upgrade of technology and electrical wiring. In addition, six new classrooms and a new library have been built, as well as a permanent lunch-court shelter.

School Facility Good-Repair Status (2011–12)

This table displays the results of the most recently completed school-site inspection to determine the facility's good-repair status.

Inspection Date: September 22, 2011

Item Inspected	Repair Status*				Repair Needed and Action Taken or Planned
	E	G	F	P	
Systems: Gas, mechanical, sewer		✓			
Interior: Interior surfaces		✓			
Cleanliness: Overall, pest/vermin		✓			
Electrical: Interior/exterior		✓			
Restrooms/fountains				✓	Leaking and broken toilets: repaired.
Safety: Fire safety/hazardous materials		✓			
Structural: Damage, roofs		✓			
External: Playground, gates, fences		✓			
Overall Rating		✓			

* Repair Status: E = exemplary, G = good, F = fair, P = poor

Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school who are fully credentialed, who are working without a full credential, and who are credentialed but teaching outside of their subject area of competence. District totals do not include charter schools. Detailed information about teachers' qualifications can be found on the CDE *DataQuest* website at dq.cde.ca.gov/dataquest/.

Number of Teachers	School			District
	2008–09	2009–10	2010–11	2010–11
Full credential and teaching in subject area	34	39	29	5,173
Full credential but teaching outside subject area	2	2	0	168
Without full credential	0	0	0	24
Total	36	41	29	5,365

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (long-term vacancies for which there was no teacher assigned by the twentieth school day of each semester). Total teacher misassignments includes the number of misassignments of teachers of English learners. For 2011–12, the most current data are reported.

Indicator	2009–10		2010–11		2011–12	
	Smstr 1	Smstr 2	Smstr 1	Smstr 2	Smstr 1	Smstr 2
Misassignments of Teachers of English Learners	0	0	0	0	0	N/A
Total Teacher Misassignments	0	0	0	0	0	N/A
Vacant Teacher Positions	4	2	1	0	0	N/A

Core Academic Courses Taught by Teachers in Compliance with the No Child Left Behind Act (2010–11)

The No Child Left Behind (NCLB) Act requires all teachers of core academic subjects to be "highly qualified." In general, NCLB requires that each teacher must have: (1) a bachelor's degree, (2) a state credential (or an Intern Certificate/Credential for no more than three years), and (3) demonstrated subject-matter competence for each core subject he or she will teach.

This table displays the percentage of classes in core academic subjects taught by teachers who are compliant with NCLB at this school, at all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. (High-poverty schools are defined as those with student eligibility rates of approximately 25 percent or higher in the free and reduced-price meals program. Low-poverty schools are defined as those with student eligibility rates of 25 percent or lower in the program.) More information on teacher qualifications required under NCLB can be found at the CDE website at www.cde.ca.gov/nclb/sr/tq/.

Location of Classes	Percentage of Classes in Core Academic Subjects	
	Taught by NCLB-Compliant Teachers	Taught by Non-NCLB-Compliant Teachers
This School	100.0	0.0
All Schools in District	99.1	0.9
High-Poverty Schools in District	99.0	1.0
Low-Poverty Schools in District	99.8	0.2

Support Staff

Academic Counselors and Other Support Staff Members (2010–11)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff members who are assigned to the school. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. The table also displays the average number of students for each academic counselor.

Position	Number of FTE Assigned to the School	Average Number of Students per Academic Counselor
Academic Counselor	0.0	N/A
Counselor (Social/Behavioral or Career Development)	0.6	
Teacher Librarian	0.0	
Library Services Staff (paraprofessional)	0.0	
Psychologist	0.6	
Social Worker	0.0	
Nurse	0.0	
Speech/Language/Hearing Specialist	1.0	
Resource Specialist (Non-Teaching)	0.8	
Health Technician	1.0	
Other (specify)	0.0	

Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (2011–12)

The district adopts textbooks and instructional materials based on the implementation cycle established by the state. It provides a sufficient number of standards-aligned textbooks and other instructional materials for all students in the subject areas of English language arts, health, history–social science, mathematics, science, and world languages. Science laboratory equipment is available to students enrolled in laboratory science courses in grades 9–12. The following table displays information about the availability of the standards-aligned textbooks and other instructional materials used at the school.

Core Curriculum Area	Percentage of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials	Are These Textbooks and Instructional Materials from the Most Recent Adoption?
English Language Arts	0	Yes
Health	0	Yes
History–Social Science	0	Yes
Mathematics	0	Yes
Science	0	Yes
Science Laboratory Equipment (grades 9–12)	0	Yes
Visual and Performing Arts	0	Yes
World Language	0	Yes

List of Textbooks and Instructional Materials Used in Core Subject Areas (2011–12)

All textbooks and instructional materials come from state or district lists. A list of all textbooks and instructional materials used in the school in the core subjects (English language arts, mathematics, science, history-social science, health, and visual and performing arts), may be found at the end of this document in the appendix entitled Adopted Texts and Instructional Materials. Descriptions of the district's courses, including instructional materials, may be found in the *Course of Study, K–12*, revised annually and available on-line at www.sandi.net/page/1605.

Instructional Planning and Scheduling

Professional Development

The Instructional Support Services Department collaborates with other departments to provide teachers and administrators with ongoing professional development to improve teaching and learning in the areas of literacy, mathematics, science, history–social studies, visual and performing arts, physical education, health, educational technology, and gifted and talented education. Sessions offered at various times throughout the year focus on a wide variety of professional development aimed at strengthening pedagogy and content knowledge to meet the needs of all learners, with an emphasis on targeting the needs of our English language learners, Special Education students, and other struggling learners.

In addition to district-provided professional development, principals identify a schoolwide focus each year for professional development and also determine areas of individual need. Throughout the year, they conduct large- and small-group staff conferences and coach teachers at the school site to improve instructional practice. Staff release for professional development is organized in a variety of ways on a site-by-site basis throughout the year.

Marshall provides regular opportunities for all classroom teachers to work collaboratively with their grade-level colleagues to provide rich, rigorous, needs-based instruction for our students. This ensures focused lessons and continuity across each grade level.

School Finances

Expenditures per Pupil and School-Site Teacher Salaries (Fiscal Year 2009–10)

This table displays this school’s expenditures per student from basic (unrestricted) sources, from any supplemental (restricted) sources, and its total per-pupil expenditures. The table also provides a comparison of the school’s per-pupil expenditures from basic sources with other schools in the district and throughout the state. Finally, it compares the average teacher salary at the school with average teacher salaries in the district and the state.

Basic or unrestricted sources are funds that, except for general guidelines, are not controlled by law or by a donor. *Supplemental or restricted sources* are funds whose use is controlled by law or by a donor. Money that is designated for specific purposes by the Board of Education is not considered restricted.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education and Per-pupil Spending webpage: www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries and Benefits webpage: www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data website at: www.ed-data.org.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$7,757	\$3,531	\$4,226	\$56,987
District			\$5,238	\$64,466
Difference: School Site and District (%)			– 19.3	– 11.6
State			\$5,455	\$69,207
Difference: School Site and State (%)			– 22.5	– 17.7

Types of Services Funded (2010–11)

The district’s general fund includes monies for:

- General operations—salaries, benefits, services, materials, and support to the general education
- Special Education—programs offering appropriate, individualized instruction to students with special needs
- Special projects—monies from agencies (federal or state) earmarked for specific programs/projects or services; e.g., Title I
- Transportation
- Maintenance and operations
- District administration

Each school in the district receives an instructional budget based on enrollment, programs, and formulas set by Board of Education policy, state law, agreements with employee bargaining units, and guidelines of outside funding sources.

Teacher and Administrative Salaries (Fiscal Year 2009–10)

This table displays district-level salary information for teachers, principals, and the superintendent, and compares these figures to the state averages for districts of the same type and size. The table also displays teachers and administrative salaries as a percentage of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE website at www.cde.ca.gov/ds/fd/cs/.

Position	District Amount	Statewide Average for Districts in Same Category
Beginning Teacher Salary	\$39,412	\$42,017
Mid-Range Teacher Salary	\$59,886	\$67,294
Highest Teacher Salary	\$80,592	\$86,776
Average Principal Salary (Elementary School Level)	\$109,098	\$108,534
Average Principal Salary (Middle School Level)	\$111,621	\$112,893
Average Principal Salary (High School Level)	\$118,691	\$123,331
Superintendent Salary	\$215,178	\$226,417
Percentage of Budget for Teachers' Salaries	39%	38%
Percentage of Budget for Administrative Salaries	5%	5%

Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CST), the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA).

The CSTs show how well students are doing in relation to the state's content standards. The CSTs include English–language arts (ELA) and mathematics in grades 2–11; science in grades 5, 8, and 9–11; and history–social science in grades 8 and 9–11.

The CMA is an alternate assessment based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards, with or without accommodations. The CMA includes ELA for grades 3–11; mathematics for grades 3–7, algebra I, and geometry; and science for grades 5, 8, and life science in grade 10.

The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CAPA includes ELA and mathematics in grades 2–11 and science in grades 5, 8, and 10.

General information about the STAR Program and detailed information regarding the STAR Program results for each grade and performance level, including the percentage of students not tested, may be found on the CDE's STAR results website: star.cde.ca.gov.

STAR Program Results

STAR scores are ranked according to five “performance levels”: Advanced (exceeds state standards), Proficient (meets state standards), Basic (approaching state standards), Below Basic (below state standards), and Far Below Basic (well below state standards). Students scoring at the Proficient and Advanced levels have met state standards in that content area.

The following tables show, by subject area, the percentage of students in each grade who achieved the Proficient or Advanced levels (meeting or exceeding state standards) at the school, district, and state levels for the last three years. Statewide data are rounded to the nearest percentage point.

STAR: English–Language Arts

Grade Level	School			District			State		
	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11
2	36.3	44.3	26.7	55.6	57.0	58.9	53	53	56
3	16.5	17.8	25.0	47.7	46.8	49.4	47	44	46
4	40.9	39.7	20.5	63.7	67.4	68.2	61	63	64
5	26.7	35.7	31.6	57.9	63.2	65.8	54	58	59

STAR: Mathematics

Grade Level	School			District			State		
	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11
2	47.3	46.7	29.5	65.4	66.1	66.3	63	62	66
3	36.7	38.2	47.9	66.4	67.8	69.0	64	65	68
4	57.3	53.0	31.3	67.7	71.0	71.6	66	68	71

STAR: Grade-Level Science

Grade Level	School			District			State		
	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11	2008–09	2009–10	2010–11
5	28.3	36.3	36.6	55.5	64.0	66.5	49	55	58

The following table shows the percentage of all students, at this school and in the district, who achieved the Proficient or Advanced levels (meeting or exceeding state standards) for the most recent STAR testing period (2010–11).

2010–11 STAR: All Students

Group	Students Scoring at Proficient or Advanced Levels				
	English Language Arts	Mathematics	NCLB Science	End of Course Science	History–Social Science
All students at this school	28.3	40.4	38.3	—	—
All students in the district	57.9	49.6	59.8	38.3	47.1

The following tables show the percentage of students in various state-defined student groups who achieved the Proficient or Advanced levels (meeting or exceeding state standards) for the most recent STAR testing period (2010–11).

Note: No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students’ privacy. Such cases are indicated by an asterisk (*). Data on students receiving migrant education services are not available.

2010–11 STAR Student Groups: English–Language Arts

Grade Level	Sex		English Learner?		Economically Disadvantaged?		Students with Disabilities?	
	Male	Female	Yes	No	Yes	No	Yes	No
2	28.3	25.0	22.2	41.5	26.7	—	0.0	28.5
3	27.8	21.6	13.2	52.0	25.0	—	0.0	27.9
4	14.3	28.9	10.4	49.0	20.5	—	8.3	22.2
5	32.9	30.2	2.7	67.8	31.6	—	6.9	38.5

* = 10 or fewer students tested; — = no data available for this field.

2010–11 STAR Student Groups: Mathematics

California Physical Fitness Test Results (2010–11)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percentage of students tested who met the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school’s test results to the district and state levels, may be found at the CDE website at www.cde.ca.gov/ta/tg/pff/.

Note: No group score is reported that would deliberately or inadvertently make public the score or performance of any individual student. Scores are not shown when the number of students tested in a particular student group is 10 or fewer, either because the number of students is too small for statistical accuracy or to protect students’ privacy. Such cases are indicated by an asterisk (*). Data on students receiving migrant education services are not available.

Grade Level	Percentage of Students Tested Who Met Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	25.3	17.3	25.3

* = 10 or fewer students tested; — = no data available for this field.

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America’s students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (basic, proficient, and advanced). The participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress website at nces.ed.gov/nationsreportcard/.

Only a sample group of California’s schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects statewide test results and is not reflective of either the district or this school. Comparisons of student performance on the NAEP and student performance on the STAR Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades 4, 8 and 12. (The NAEP assesses grades 9, 13, and 17 for long-term trends.) In addition, the NAEP only provides statewide test results for grades 4 and 8. The California Standards Tests (CST) are based on a different set of standards from those of the NAEP. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English–language arts as a whole, encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE’s NAEP website at www.cde.ca.gov/ta/tg/nr/.

National Assessment of Educational Progress Reading and Mathematics Results by Grade: All Students

This table displays the scale scores and achievement levels on the 2011 National Assessment of Educational Progress results for reading and mathematics for grades 4 and 8.

Subject and Grade Level	Average Scale Score			Statewide Achievement Level (%)		
	District	State	National	Basic	Proficient	Advanced
Reading, Grade 4	215	211	220	32	19	6
Reading, Grade 8	256	255	264	42	21	3
Mathematics, Grade 4	239	234	240	40	28	6
Mathematics, Grade 8	278	273	283	36	19	6

Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API website at www.cde.ca.gov/ta/ac/ap/.

API Ranks: Three-Year Comparison

This table displays the school's statewide and similar-schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state, while a statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state. The similar-schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar-schools rank of 1 means that the school's academic performance is in the lowest 10 percent of the 100 similar schools, while a similar-schools rank of 10 means that the school's academic performance is in the highest 10 percent of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	1	1	1
Similar Schools	2	4	2

API Changes by Student Group: Three-Year Comparison

This table displays, by student group, the actual API changes (growth) in points added or lost for the past three years, and the most recent API score (growth).

Note: A dash (—) means that the student group is not numerically significant for the years shown, "B" means the school did not have a valid 2010 API Base and therefore will not have any growth or target information, and "C" means the school had significant demographic changes and will not have any growth or target information.

Student Group	Actual API Change		
	2008–09	2009–10	2010–11
All Students at the School	62	-12	2
African American	87	33	5
American Indian or Alaska Native	—	—	—
Asian	7	-47	-9
Filipino	—	—	—
Hispanic	68	-26	-2
Pacific Islander	—	—	—
White (not Hispanic)	—	—	—
Two or More Races	—	—	—
Socioeconomically Disadvantaged	62	-12	2
English Learners	68	-22	14
Students with Disabilities	—	—	—

2011 API Growth Comparison by Student Group

This table displays, by student group, the number of students included in the API and the 2011 Growth API scores at the school, district, and state levels.

Note: A dash (—) means that the student group is not numerically significant, “B” means the school did not have a valid 2010 API Base and therefore will not have any 2011 growth or target information, and “C” means the school had significant demographic changes and will not have any growth or target information.

Student Group	2011 Growth API					
	School		District		State	
	Number of Students	API Score	Number of Students	API Score	Number of Students	API Score
All Students at the School	306	679	80,900	798	4,683,676	778
African American	64	656	8,458	726	317,856	696
American Indian or Alaska Native	0	—	280	809	33,774	733
Asian	68	721	7,319	878	398,869	898
Filipino	1	—	5,266	857	123,245	859
Hispanic	164	666	36,340	735	2,406,749	729
Pacific Islander	0	—	583	775	26,953	764
White (not Hispanic)	3	—	19,344	890	1,258,831	845
Two or More Races	6	—	3,221	866	76,766	836
Socioeconomically Disadvantaged	305	679	51,537	746	2,731,843	726
English Learners	243	673	29,821	717	1,521,844	707
Students with Disabilities	57	520	10,790	628	521,815	595

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in English–language arts (ELA) and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP website www.cde.ca.gov/ta/ac/ay/.

AYP Overall and by Criteria (2010–11)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate—English—Language Arts	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percentage Proficient—English—Language Arts	No	No
Percentage Proficient—Mathematics	No	No
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program (2011–12)

Schools that receive funding from the federal government under Title I must enter federal Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE website at www.cde.ca.gov/ta/ac/ay/.

Indicator	School	District
Program Improvement Status	In PI	In PI
First Year of Program Improvement	2007–08	2009–10
Year in Program Improvement	4	3
Number of Schools Currently in Program Improvement*		113
Percentage of Schools Currently in Program Improvement*		51

* Includes charter schools

School Completion and Postsecondary Preparation (Secondary Schools)

This section does not apply to this school.

Appendix: Adopted Texts and Instructional Materials

Subject Area	Grade Level	Instructional Material or Textbook	Copyright Date	Adoption Year
English Language Arts	K–6	<i>A Legacy of Literacy</i> , Houghton Mifflin	2003	2002–03
